The New Hampshire Department of Transportation announces a Public Informational Meeting will be held Monday, March 1, 2004 in Rye to review and discuss the proposed reconstruction of the intersection of NH Route 1A with Elwyn Road and Sagamore Road, known as Foyes Corner.

This project involves the relocation and widening of approximately 600 feet of Elwyn Road to align with NH 1A and creating a four-way stop intersection or a modern roundabout intersection. Plans are available for inspection at the Rye Town Hall.

The March 1 public meeting to display the current concepts and obtain input will be held at the Rye Elementary School, 461 Sagamore Road, Rye, New Hampshire. The meeting will begin at 7:00 PM and be followed by a question and comment period.
